the Eastern train, and was some absorbed in ending. I make it a point to secure a ticket because that is a regulation of the Railread company, and somehow I think it but just to felfill my part of the contract, and I should not dore to expect a safe transit, if I ignored the company's stipulations. I chose s central car, though I am almost eshamed to tell why. If I should give the reason, it would be, that I cannot realise there is no o have as many boats as I want. I danger of "anako-heads" in the use of Trails, and I have such a horror of being in a forward coach that slides through the usat

those under whose immediate direction they performed their labors.

Every winter, during the holidays, he made it a point to invite all those in his employ who resided in U—— to take tea and spend an evening with him. All who had families were expected to bring their wives and children with them.

He came into the shop one morning, make my draughts; and as teady hand to land.

Ind.

He came into the shop one morning, make my draughts; and as teady hand to land.

After he self up in a room with my instruments and extended the invitation. After he self up in a room with my instruments left, Thomas King, who had been only a short time in his employ, said to George Atkinson,

"Several others had tried, but the said she knew I could get the reward. She said she knew I could get the reward. She said she knew I could get the reward if I would only keep sober, She said, 'Lyman,' (she used than a pew in church, any day. I wonder who John Barleycoru is, and why he wants to buy him.

Aunt Jerusha says that if that boy has a boat he'll be sure to tumble overboard, and be brought home wringing wet, and as dead as a door nail, by the police, on a shutter. It would be functions at different times. The uneasiness of the inexperienced is so in contrast with the content of those who have accustomed themselves to "riding on thorail." Some poet has written,

"First rate. You must be sure and building, from the foundation to the and take your wife and babies too." top-stone. None of my neighbors knew boken. I caught 'em with my oar, and occupant than two young ladies of the cap-I don't like to bail out boats. When of their baggage in or about the seats they office near Lake Shore Depot, "True enough, he is," said King; the place on his way home. My combit then you know a fellow does not like to be rasped off in that way. He is a strong teetotaler; but for my part, I think he carries matters rather too far. I believe in temperance as firmly as any man; but when I go home at night, I may be the married be the work of the party, I want a little, also, in the morning, and again about eleven o'clock. I want a little, also, in the morning, and again about eleven o'clock. I am now going to see him and out whether he will take the job of hot drink any on the day of the party, not drink any on the day of the party, and the clock has nover went and with the machinery, and the clock has nover went since. Ms found it out, and told Aunt Jerusha that I had wonderful talent, and would make a great mechanic.

\*\*Were but recently merried snowns in mised upon a honey woon tour. The husband was that pa sometimes asks very unreasonable things of me and expect too much.

I like to build little steamboats. And Jerusha says I used up all her spools of cotton for cylinders and rigging. I borrowed some of the wheels from the kitchen clock once to make machinery, and the clock has never went since. Ms found it out, and told Aunt Jerusha that I had wonderful talent, and would make a great mechanic.

\*\*True enough, he is," said King; the place on his way home. My combit how was the says that pa sometimes asks very unreasonable things of me and expect too much.

I like to be undersided in the other spools of cotton for cylinders and rigging. I borrowed some of the wheels from the kitchen clock once to make machinery, and the clock has never went since. Ms found it out, and told Aunt Jerusha that I had wonderful talent, and would make a great mechanic.

his wife were also there. He was not a carpenter, but was one of Mr. Jenkins's and sighed my name to it. I held it hired men. He had on a black broadhired men. He had on a black broadlate the sign of the si hired men. He had on a black broadcloth coat, which had been purched at
a second-hand clothing store, and Brid
get had tried her best to dress herself
in fashion.

That worked but a few moments
